

EXPERIENCE IN MISAWA

1323 IIDA Saori 1337 NAKANO Yoko

◇WHEN WE HAD LUNCH◇

Our lunch was buffet-style.

There were a lot of foods.

For example, pork miso soup, cookies, breads, yakisoba, and so on.

There was a jelly which tasted very mysterious.

There are the same foods in Japan and here, but their taste is a little different.

◇COMMUNICATE WITH EDGREN HIGH SCHOOL◇

• Differences •

They don't wear a school uniform like us.

They are free to choose their own hairstyle.

• Impressions •

They are very kind to us.

They keep smiling.

We think through this experience that it is very interesting to communicate with them using “English” and “gestures”. If there is an opportunity, we want to interact with foreigners more deeply, because we want to know more about them.
