We visited Edgren High School on Misawa Air Base on January 8th in 2015. First of all, we had a bus tour on the base. Next, we went to the club to have lunch. We experienced an American-style lunch buffet. After lunch, we went to Edgren High School, which was the main place of this visit. We talked with high school students. We learned a lot from them. At the end, we stopped at the food court and bought pizza and ice cream.
